EXPERIENCE

Product designer

Cisco - Webex Devices

Aug 2021 - Now // Oslo, Norway 

Worked closely with PM, engineering and users to deliver UX for market-leading videoconferencing devices. Conducted workshops with customers, facilitated user tests. Lead the initiative to bring engineering teams closer to design practices, fostered mutual understanding in order to improve quality of implementation.

Interaction and brand designer

Creative Capital

May 2020 - Sept 2020 // Shanghai, China 

Created interactive retail concepts for luxury brands (Shiseido, Kidsaround). Provided brands with complete graphic design systems. Designed and coded an experiential website for the agency.

Interaction and retail UX designer

BYTON

Feb 2020 - May 2020 // Shanghai, China 

Worked on the in-car welcome experience. Developed an interactive window concept for the flagship store to connect passerbys with the car in a playful and shareable experience.

Interaction and brand designer

Sina Retail & Image

Oct 2018 - Feb 2019 // Shanghai, China 

Designed visual identities and interactive retail experiences for Chinese and Western brands. Created and launched a website for a new company. Did market research and analysis of competitors.

UI/UX Designer

Naoned

July 2017 - Nov 2017 // Vertou, France 

Created user scenarios, wireframes, and designed interfaces for a archival management software. Collaborated with developers, carried out user tests and design workshops with clients.
